PROFESSIONAL SUMMARY

Enthusiastic Frontend Developer fresher with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, React.js and modern frontend technologies. Skilled in creating intuitive user interfaces, developing reusable components, and optimizing application performance. Passionate about delivering exceptional user experiences and continuously learning new technologies to contribute effectively to real-world projects.

TECHNICAL SKILLS

Frontend: HTML, CSS, Bootstrap(Basic), Tailwind CSS, JavaScript, React.JS

Backend: Node.JS, Express.JS

Familiar With: Redux ToolKit, Material UI (MUI)

Database: MongoDB

Developer Tools: Git/GitHub, Visual Studio Code, Chrome DevTools, MongoDB Compass

Soft Skills: Communication, Teamwork, Problem-solving and Debugging, Self-Motivated.

PROJECTS

- **Multi-Vendor Market Place, using HTML, CSS, JavaScript, React.js**
- Built a multi-vendor marketplace e-commerce web application with user, vendor, and admin functionalities using HTML, CSS, JavaScript, and React.
- Built user features such as product browsing, search, product details and cart functionality, along with vendor features to add, edit, and remove products.
- Managed frontend routing and navigation using React Router for seamless page transitions.
- Utilized JSON Server (db.json) to simulate backend APIs and manage product, user, and application data during development
- Implemented localStorage to persist user-specific data such as shopping cart items, wishlist products, and user preferences.
- **Portfolio Website, using HTML, CSS, JavaScript**
- Developed a responsive Portfolio Website using React.js, HTML, CSS, and JavaScript to showcase projects, technical skills, and professional achievements.
- Designed and implemented a modern, user-friendly interface with responsive layouts for desktop, tablet, and mobile devices.
- Applied clean coding practices and responsive web design principles to improve usability and accessibility.
- Implemented downloadable resume functionality for easy access by recruiters and employers.
- Created interactive UI elements and smooth navigation using JavaScript to enhance user experience.
